

Welcome to the future...

The Idea.

Establishing a global, compassionate sisterhood.
Join the Third Way movement and connect with sisters around the world.

The Vision.

The Third Way. (As described in *The Spiritual Third Way* book.)
A book that promotes and progresses the Rise of the feminine,
along with the growing tide of spiritual awakening that
will bring societal change to people's lives on a **vast** scale.

The Plan.

The plan is to build a list of women's groups, charities, organisations, communities
and individuals who support the matriarchy.

If you have gotten this far, you must agree with my views to some degree...
