

Why does it matter...?

It matters because the world is a scary place, and it is getting worse.

We are on the brink of experiencing the full force of the Aquarian age. A revolution. A call-to-arms not through violence... but through ruthless, warrior-like compassion and understanding, and through belief for a better future.

The Aquarian age revolution is HERE, and it is not in the least bit subtle. It is, on all levels, rough, harsh, intolerant of man's nonsense, and will expose all the lies inspired by man driving the fall of priests and politicians, and anyone else who doggedly strives to keep women down. There is a deeper, more serious mission than the glaringly obvious surface one, and we must use every available advantage to further our cause towards women's true liberation.

In The Spiritual Third Way, women authors' advice and predictions will embolden others to JOIN THE THIRD WAY MOVEMENT of inevitability rising like a slow, steady tide of dramatic, drastic change. A movement that is gaining momentum in society now!

Who is involved?

This movement for women was created by women. All women can join the movement since it shows a desire to support of the future Matriarchy.

This means that within your field of influence, you are willing to do your bit to support women, the sisterhood, the children of our future, and nature. In any way you can. Protecting women's rights, and creating safe spaces for women is the ultimate goal.

The Spiritual Third Way

... is an attitude, an intention, a hope. A hope that a world suffering untold TRAUMA can and will be healed.

It is a change of perspective, so one can embrace the TRUTH of life. Real life.

It is opening for the sort of TRUST that requires a leap of faith into the unknown towards awareness. Towards a cause for compassion, equality, and meaningful, beautiful lives.

With a world as abundant as ours, we all must experience TRANSFORMATION in mind, body, and soul, recognise that life is beautiful, and be aware of all the joy that surrounds us.

While beauty is in the eye of the beholder, all must be generous, not judgemental. Thoughtful, not thoughtless. Accepting, rather than deflecting.

This is a space where information on matters important to me, and you, are shared. Expect updates as and when while I take my own advice, and move steadily inch by inch, step by step towards self-sufficiency and publishing this book. Because this is the Third Way mentality of the future Matriarchy, and how I can support it.

Whether the words read like fanciful idea, futuristic visions, or the ramblings of a mad woman, my Aquarian mind has moved beyond second-guessing myself and hedging on sharing what I know to be true. To what I sense, see, and KNOW is coming...

The Rise of the Feminine...

A T Flowers.
