

The Spiritual Third Way

... is an attitude, an intention, a hope. A hope that a world suffering untold TRAUMA can and will be healed.

It is a change of perspective, so one can embrace the TRUTH of life. Real life.

It is opening for the sort of TRUST that requires a leap of faith into the unknown towards awareness. Towards a cause for compassion, equality, and meaningful, beautiful lives.

With a world as abundant as ours, we all must experience TRANSFORMATION in mind, body, and soul, recognise that life is beautiful, and be aware of all the joy that surrounds us.

While beauty is in the eye of the beholder, all must be generous, not judgemental. Thoughtful, not thoughtless. Accepting, rather than deflecting.

This is a space where information on matters important to me, and you, are shared. Expect updates as and when while I take my own advice, and move steadily inch by inch, step by step towards self-sufficiency and publishing this book. Because this is the Third Way mentality of the future Matriarchy, and how I can support it.

Whether the words read like fanciful idea, futuristic visions, or the ramblings of a mad woman, my Aquarian mind has moved beyond second-guessing myself and hedging on sharing what I know to be true. To what I sense, see, and KNOW is coming...

The Rise of the Feminine...
